

Rochdale Institute

**Certificate III in Transport and Logistics
(Warehousing and Storage)**
TLI30107

Description

Certificate III in Transport and Logistics (Warehousing and Storage) aims to develop the skills and knowledge required to understand manual handling practices, use inventory systems, maintain storage facilities, and perform with minimal supervision.

Suitable for

This course is ideal to those with basic operational duties, in a warehousing support role. For example: general warehouse employees, delivery drivers, warehouse assistants, labour hand, forklift operator.

Qualification & Skills

On completion, participants will be awarded the Certificate III in Transport and Logistics (Warehousing and Storage). Participants will gain skills and knowledge required to efficiently operate modern warehousing and storage facilities.

Course Duration

Completion times may vary from 12 – 24 months.

Delivery

Customised learning material to suit organisation needs
Workplace based onsite training

Costs

Government funding available, eligibility criteria applies

Further study options

Participants may decide to continue study in this field, leading to Certificate IV in Transport and Logistics (Warehousing and Storage)

Assessment

Assessment may include class activities, assignments, and group work. Assessment in theory and practical components of the course will ensure required level of competency achievement.
